Charging and Fueling Infrastructure (CFI) Discretionary Grant - Request for Partners

The Department of Energy and Environment (the Department) seeks eligible entities to partner with the Department on its application to the US Department of Transportation's (US DOT) Charging and Fueling Infrastructure (CFI) Discretionary Grant Program. Funding from US DOT will support an increase in the number of electric vehicles and multi-modal transportation options used in the District by providing reliable transportation services. This will reduce transportation barriers, particularly for those lacking access to reliable, clean transportation options.

DOEE will apply for between \$500,000 and \$15,000,000. DOEE may include multiple partners in its US DOT application. Applicants to this partnership opportunity should provide a proposed budget of between \$100,000 and \$15,000,000 and describe how they will contribute to the required 20 percent total project cost match for the grant.

Beginning 4/14/2023, the full text of the Request for Partners (RFP) will be available on the Department's website. A person may obtain a copy of this RFA by any of the following means:
